Danny - see txt below:

Bryant, sent this to Mike Lockett with PPM: Mike, please coordinate with Fred with Lard Oil to collect the following product samples:-Mobil Super 5W-30; Castrol GTX 5W-20; & Castrol 5W-30. I asked Fred to be available after lunch for the sample collection. EPA wants samples also, so let them know when you all are going to the facility. Any questions, let me know. Thanks, Tim
